Sample Written Items

Test Type: The Workplace Readiness industry-based credential is included in NOCTI's Employability assessment battery. NOCTI's employability credentials measure the skills that represent critical knowledge needed for success in the workplace. The Employability assessments offer a written component and can be used at the secondary and post-secondary levels. Employability assessments can be delivered in an online or paper/pencil format.

Revision Team: The assessment content is based on input from secondary, post-secondary, and business/industry representatives from the states of Idaho, Iowa, Michigan, New Jersey, Ohio, Pennsylvania, and Washington.

35.0103- Business and Social Skills

Career Cluster- Employability Skills

The Association for Career and Technical Education (ACTE), the leading professional organization for career and technical educators, commends all students who participate in career and technical education programs and choose to validate their educational attainment through rigorous technical assessments. In taking this assessment you demonstrate to your school, your parents and guardians, your future employers and yourself that you understand the concepts and knowledge needed to succeed in the workplace. Good Luck!

In the lower division baccalaureate/associate degree category, 3 semester hours in Workplace Readiness

Sample Questions

The purpose of an executive summary in a long report is to provide

- A. an introduction
- B. background information
- C. key decision points
- D. a document that only executives may read

A small company has a contract to conduct a project. The three employees assigned to the project are making too many mistakes. They complain to Dave, the owner, that they can't understand the documentation of the data, that the model they are using seems complex, and that they've never worked on a project like this before. One of the employees is scheduled to leave on vacation next week, and Dave himself has to take a day off to drive across state to his son's wedding. Dave is afraid he will lose money by not finishing the contract on time. What is the problem that Dave needs to address?

- A. employee vacation
- B. son's wedding
- C. employee inexperience
- D. employee morale

Warren wants to collect data on the number of sales per day for a month in order to compare the average number of sales for each day of the week. He wants to be able to sort the data and prepare a graph of the data. Which of the following would best meet his needs?

- A. word processor
- B. spreadsheet
- C. database
- D. file manager

Which of the following is unethical behavior for a salesperson?

- A. telling a customer that the low-price item they want is unavailable so they will have to buy a more expensive product
- B. finding out what types of products the customer likes so you can show the things they will be more likely to buy
- C. negotiating a price with the customer who does not wish to pay the "list price"
- D. emphasizing only the best features of a product during the sales presentation

(Continued on the following page)

Sample Questions (continued)
