Help Students Get the Credit They Deserve!

NOCTI Credentials

Proof of knowledge is an important part of a student's portfolio. There's no better way to show this proof but in the form of a college credit recommendation! Experienced industry experts and professors working with the National College Credit Recommendation Service (NCCRS), evaluated the rigor of NOCTI credentials to translate the content into college credit equivalencies.

New Tests Evaluated!

Every NOCTI credential has been recommended for college credit!

University of the State of New York - Regents Research Fund

How Does it Work?

⭐ Students must meet a 70% benchmark on an approved NOCTI multiple-choice assessment to be eligible for the College Credit Recommendation Report.

⭐ The College Credit Recommendation Report is automatically generated as part of the NOCTI scoring package for all eligible students.

⭐ The report can be used as part of a student's portfolio, and more importantly, can be presented at any of the 1500+ participating colleges and universities for college credit consideration.

⭐ Need an official transcript? NOCTI has collaborated with Excelsior College to offer students an option for an "official" transcript.

For more information about the process for obtaining the college credit recommendation report and/or an official transcript, please visit: www.nocti.org/nccrs.cfm.
