Pathway Assessments

Broader in scope than NOCTI's Job Ready assessments, Pathway assessments are designed to measure a student's competence in broad level technical skills within a pathway or cluster and also measure knowledge of soft skills and academic skills contextualized to the technical area. Pathway assessments are available only for online administration.

Education Professional Credentials

CTE professionals are in an educational class of their own and require a different set of pedagogical skills and background knowledge. These credentials can be used as part of state-level licensing processes, as pre-employment tools at the local level, as part of employee onboarding processes, and professional development plans.
